Whereas, The Glen Ridge Board of Education and District Superintendent seek to support and work with school staff and administrators, students, and parents to ensure a safe and healthy environment for students by encouraging our school community to implement sustainable, energy-smart, eco-friendly, and cost-effective solutions.

Whereas, Extensive opportunities exist to teach students about ecological, economic and social sustainability, environmental health, and nutrition; to integrate sustainability education into classroom learning; and to support students in becoming leaders in making their schools healthier and more sustainable places.

Whereas, Many options and choices exist for schools to use resources more efficiently; to reduce, reuse, and recycle; to follow Green Building Standards for construction and major renovations; to form school partnerships; to eliminate toxic chemicals; to purchase (or produce) clean energy; and to purchase recycled paper, energy-efficient equipment and other green products to protect our global environment.

Whereas, The Glen Ridge Board of Education commits to the formation of at least one Sustainability Leadership Team (also referred to as "Green Team"), based on the guidance of Sustainable Jersey for Schools. (See the "Create A Green Team" action. Your district "Green Team" can be designated from a pre-existing group within the district if desired.).
