

G&T summer assignment

Each of the following drawings should be composed on a separate 9 by 12" paper or larger utilizing the entire page. Please use a graphite pencil for the rendering. Compositional set up is important. Think about how you can create an exciting image with each subject. •

Draw a set of keys (3 or more) on a simple surface. It should include the value range of each key and a cast shadow for grounding.

Draw a foreshortened point of view of a pair of feet. The image should include all the details, textures, and value range of the feet. •

Goals: - Drawings contain the specific goals for each assignment. - Both value range and contrast are apparent. - Drawings are well crafted. - Image shows high level of drawing skills (appropriate for G&T level) and are thoughtful of details. - Composition is unusual and exciting (not expected).

Rubric: A+ The design requirements are met. Image shows sophistication and risk-taking in composition. It shows mastered techniques in the use of media.

A range The design requirements are met. The composition shows a strong understanding of principles of design. Image shows technique competence and skill.

B range The technique is emerging but not mastered. Exploration of composition is developing. Overall image is good.

C range The work shows average technical skills. Composition does not show evidence of the application of design principles. Overall image needs to be better handled.

D range Design requirements are underdeveloped and/or lacking. Technique and composition are weak.

F No effort was put into the assignment.
