

Section 504 is a civil rights law that prohibits discrimination against individuals with disabilities. Section 504 ensures that students with medical or other disabilities have equal access to an education. Qualified students may receive accommodations and modifications planned by persons knowledgeable about the students, the meanings of evaluation data, and placement and accommodation options.

The Section 504 regulations require a school district to provide a "free appropriate public education" (FAPE) to each qualified student with a disability who is in the school district's jurisdiction, regardless of the nature or severity of the disability. Under Section 504, FAPE consists of the provision of regular or special education and related aids and services designed to meet the student's individual educational needs as adequately as the needs of nondisabled students are met.

Information can be found on the NJ Department of Education website.
