## Glen Ridge Board of Education

0134 BOARD SELF EVALUATION

The members of the Board of Education shall conduct an annual self-evaluation each year to determine the degree to which they are meeting their responsibilities as Board members and the needs of their educational community. This self-evaluation shall be positive, honest, and shall be used to establish priorities for action and specific goals and objectives to strengthen the operation of the Board. The Glen Ridge Board of Education believes that the efficiency of Board operations directly affects the efficiency of district operations.

These evaluations should be directed toward positive criticism and should be honest in identifying areas of strength and weakness of individual members as well as of the total Board.

The Board shall use a multifaceted self-evaluation instrument.

It is the intent of this Bylaw that this self-evaluation shall be used to establish priorities for action; to establish specific goals and objectives to strengthen the operation of the Board and the contributions of each individual member; and identify the areas and activities which should be addressed by the members in order to improve the quality and function of the Board of Education.

The Superintendent will review the self-evaluation instrument annually with the Board President and make modifications where necessary.
