Community

Glen Ridge is a suburban community of 8,000 located fifteen miles from New York City. This peaceful township of 1.5 square miles is rich in community involvement and leadership. A high percentage of Glen Ridge parents are college graduates who hold positions as business leaders and executives, doctors, lawyers and other managerial professionals. The Glen Ridge School system is viewed as the center of an active community.

School

Glen Ridge High School is an accredited four-year comprehensive high school that offers a diverse program of studies with particular emphasis on college preparation. The interests of students are also addressed by programs in practical arts, graphic arts, photography, computers, and performing and fine arts. Students understand and value their educational experiences as an opportunity to prepare for the most competitive colleges and universities. Glen Ridge students score well above state and national averages on all standardized tests. Our students also actively participate in a host of activities with over 90 % of the student body involved in clubs, organizations, or interscholastic athletics. Two-thirds of the staff members at the high school hold advanced degrees.
