

## Homecoming Dance Incident

Last night, Saturday, October 9, Glen Ridge High School hosted its homecoming dance. After the dance, there was an incident that involved a group of students. The group decided to walk home through the Glen, where they came upon an adult male who was apparently asleep. The male woke and was startled. He then proceeded to threaten the group of students claiming to have a weapon. The students returned to the high school and informed staff members of the incident. The staff members contacted the police.

The police reported to the scene and took the individual into custody. The GRPD did not find a weapon on the individual. The District appreciates the Glen Ridge Police Department for acting quickly and providing safe passage for our students.
