

Student Vaccination Proof 3rd Notice

Glen Ridge High School Parents,

We are asking parents of fully vaccinated students to share their child's vaccination proof with the school. Only the school nurse and administration will have access to this information. The student vaccination proof helps streamline potential quarantine exemptions and will assist in determining future building health protocols.

Please use the Google Form link below to share your child's vaccination proof after your child received their second dosage:

[Vaccination Proof](#)

The following is acceptable proof of vaccination:

- The CDC COVID-19 Vaccination Card issued to the vaccine recipient by the vaccination site or an electronic or physical copy of the same;
- Official record from the New Jersey Immunization Information System (NJIIIS) or other State immunization registry;
- A record from a health care provider's portal/medical record system on official letterhead signed by a licensed physician, nurse practitioner, physician's assistant, registered nurse or pharmacist; or
- Docket mobile phone application record or any state-specific application that produces a digital health record.

Please reach out to your child's school nurse, Jennifer O'Connor, at joconnor@glenridge.org if you have any questions or concerns.

Thank you to the parents that have already shared this information with the school.
