anti-bullying bill of rights
prohibiting harassment, intimidation and bullying on school property, at any school-sponsored event, on school buses, or off school grounds

conduct expectations: the board expects pupils to conduct themselves in keeping with their levels of development, maturity, and demonstrated capabilities with a proper regard for the rights and welfare of other pupils and school staff, the educational purpose underlying all school activities, and the care of school facilities and equipment.

the board believes that standards of pupil behavior must be set cooperatively through interaction among the pupils, parent(s) or legal guardian(s), staff and community members, producing an atmosphere that encourages pupils to grow in self-discipline. the development of this atmosphere requires respect for self and others, as well as for school district and community property on the part of pupils, staff and community members.

policy statement: the board of education prohibits acts of harassment, intimidation, or bullying of a pupil. a safe and civil environment in school is necessary for pupils to learn and achieve high academic standards. harassment, intimidation, or bullying, like other disruptive or violent behaviors is conduct that disrupts both a pupil’s ability to learn and a school’s ability to educate its pupils in a safe and disciplined environment. since pupils learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.
