Overview & Resources

The School Performance Reports reflect the New Jersey Department of Education's (NJDOE) commitment to providing parents, students, and school communities with a large variety of information about each school and district. These reports can be used as a tool to help evaluate whether all students have equitable access to high quality education. We encourage you to use these reports to:

- **Learn more** about the school and the district
- **Start conversations** with school community members and ask questions
- **Engage** with school communities to identify where schools are doing well and where they can improve

Important Notes for 2019-2020: The ongoing COVID-19 pandemic has had a significant impact on the way the NJDOE was able to measure school performance and student achievement for the 2019-2020 School Performance Reports. Some data is not available at all and other data, while available, may not look the same as it did in prior years. The NJDOE also recognizes that our existing data can't begin to measure the hard work and perseverance of the students, families, educators and community members during this difficult year. This past year has been unlike any other, and the NJDOE believes that it is critical to use the available data in the reports, along with other information collected directly within districts and communities, to start conversations, identify gaps in information, and begin to find ways to address the impacts of COVID-19 and ensure all students receive the support that they need.

The 2019-2020 School Performance Reports will not include the following data elements:

- Statewide assessment participation and performance (NJSLA, DLM, ACCESS for ELLs)
- Student growth Data
- Chronic absenteeism rates
- Progress toward English language proficiency
- ESSA Summative ratings or indicator scores
- Status in meeting annual targets or standards for ESSA indicators

A new "[Impact of COVID-19 on Data Availability](#)" resource summarizes which data is available, which data is not available, and which data may have been impacted. Notes are included throughout the School Performance Reports and the Reference Guide to explain where data is missing or impacted by COVID-19. Look for "Important Note for 2019-2020" sections.

Demographics

Enrollment data reflects enrollment reported at the end of the school year and only includes students attending the school. Students that attend programs at other schools or outside of the district are not included in enrollment counts and percentages.

Enrollment Trends by Grade

This table shows the number of students enrolled by grade for the past three school years. Any students enrolled outside of the grades offered will be included in the total enrollment.

Grade	2017-18	2018-19	2019-20
PK	0	0	51
KG	0	0	0
1	0	0	0
2	0	0	0

Enrollment Trends by Student Group

This table shows the percentage of students by student group for the past three school years. Note that 2019-20 is the first year that data was collected for non-binary/undesignated gender and, as a result, the 2019-20 data may not be a true representation of the student population. Additionally, to protect student privacy, gender percentages for 2019-20 are rounded to the nearest 0.5.

Student Group	2017-18	2018-19	2019-20
Female	N	N	51.0%
Male	N	N	49.0%
Non-Binary/Undesignated Gender	N	N	<1%

Academic Achievement

English Language Progress to Proficiency

This table shows the percentage of English Learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. A student's expected growth is based on the student's initial year proficiency level and student growth expectations are increased by equal intervals each year so that the student meets the proficiency cut score of 4.5 within five years. The table shows the annual target for the percentage of students making expected growth and whether that target was met.

Important note for 2019-20: Due to the cancellation of statewide assessments and a federal waiver as a result of the COVID-19 pandemic, English Language Progress to Proficiency is not available for 2019-20.

English Language Proficiency Test - Participation and Performance

This table shows, by years in district, the number of English learner students taking the ACCESS for ELLs 2.0 Assessment for English language proficiency and the percentage of students tested that received an overall score of 4.5 or above. Students must receive a score of 4.5 or higher to be considered for proficient status.

Important note for 2019-20: Due to the cancellation of statewide assessments and a federal waiver as a result of the COVID-19 pandemic, ACCESS for ELLs 2.0 assessment participation and performance are not available for 2019-20.

Climate and Environment

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The New Jersey Department of Education used input from New Jersey communities to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations. Students with fewer than 45 days in membership are excluded from attendance calculations.

Important Note for 2019-20: Due to the COVID-19 pandemic, NJDOE received a federal waiver which removed the requirement to report on chronic absenteeism and related accountability measures for the 2019-20 school year. As a result, NJDOE will not report on chronic absenteeism and other attendance data for 2019-20. Tables showing 2019-20 attendance data will be hidden in this report.

Climate and Environment

The New Jersey Department of Education migrated to a new reporting system, the Student Safety Data System (SSDS), starting in 2017-18, which includes improved definitions, new reporting fields, and updated guidance for reporting incidents. Comparing current data to data from 2016-17 and earlier could lead to inaccurate conclusions in many reporting categories. In addition to the 2018-19 data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available Civil Rights Data Collection (CRDC) data, which can be found on the [NJDOE School Performance webpage](#). Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS, did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

Important note for 2019-20: Due to school closures as a result of [Executive Order 107](#), discipline data for the 2019-20 school year may not be comparable to prior or future school years and NJDOE recommends caution in making comparisons.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

Incident Type	Number of Incidents
Violence	N
Weapons	N
Vandalism	N
Substances	N
Harassment, Intimidation, Bullying (HIB)	N
Total Unique Incidents	N

Student Disciplinary Removals

The first table shows, by removal type, the number and percentage of students who received disciplinary removals during the school year. Removal types include students receiving one or more in-school suspensions, one or more out-of-school suspensions, one or more suspension of any type, removal to another school or other educational program, expulsion with no further educational services, or arrest. The second table shows the total number of days missed due to out-of-school suspension for all students during the school year.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Important note for 2019-20: The start and end times in this table may reflect standard hours for in-person instruction. These hours may have been adjusted due to remote or hybrid instruction schedules.

Category	School
Typical Start Time	8:30 AM
Typical End Time	3:00 PM

Staff

Staff data reflects teachers and administrators reported by districts at the beginning of the school year.

Key terms for staff data:
Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Experience: Experience is based on information submitted by districts on all their staff members. For purposes of this report, the ESSA Educator Equity and federal reporting requirements, NJDOE has defined teachers as "inexperienced" if they have fewer than four years of prior experience in a given district. The tables below report on "experienced" teachers and administrators for federal reporting purposes.

Out-of-Field: A teacher is labeled "out-of-field" if they are potentially teaching outside their area of certification. This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, or if the teacher has an expired certificate.

Teachers – Experience

This table shows information about the experience of teachers assigned to this school and across the state. No teachers in New Jersey are teaching under emergency or provisional credentials as defined the United States Department of Education. The number of out-of-field teachers is the number of teachers who are potentially teaching outside of their area of certification.

Category	Teachers in School	Teachers in State
Total Number of teachers	N	119,170
Average years experience in public schools	N	12.3
Average years experience in district	N	11.0
Percentage of Teachers with 4 or more years experience in the district	N	75.8%
Number of out-of-field teachers	0	2,276

Administrators – Experience (District Level)

This table shows information about the experience of administrators assigned to this district and across the state.

Category	Admin. in District	Admin. in State
Total Number of administrators	13	9,574
Average years experience in public schools	20.5	16.2
Average years experience in district	14.4	12.3
Percentage of Administrators with 4 or more years experience in the district	84.6%	77.9%

Student and Staff Ratios

This table shows ratios of students and staff members in the school and district. Ratios for librarians, nurses, counselors, and child study team members are only reported at the district level because many staff in these jobs are assigned only to the district and not to individual schools.

Ratio	School Ratio	District Ratio
Students to Teachers	N	13:1
Students to Administrators	N	143:1
Teachers to Administrators	N	11:1
Students to Librarians/Media Specialists		928:1
Students to Nurses		464:1
Students to Counselors		309:1
Students to Child Study Team Members		232:1

Per-Pupil Expenditures

Per-Pupil Expenditures by Source

The link below produces a table summarizing the most recently available expenses for regular and special education students taught at schools in the district. The amounts shown include expenditures for instruction, support services, administration, operations and maintenance, and extra-curricular activities.

For more information regarding this table please refer to the guidance for school level reporting, which is available on the [NJDOE webpage ESSA School Level Reporting Information](#). More in-depth information about district and charter school spending can be found in the [User Friendly Budget](#) and the [Comprehensive Annual Financial Report \(CAFR\) and Auditor Management Reports \(AMRs\)](#).

Please be aware that the total district expenditures represented in these reports are taken from audited district financial data, but the subsequent allocation of these resources to specific schools is not audited or otherwise verified by the New Jersey Department of Education. If you have specific questions about the assignment (or lack of assignment) of school-level amounts, please contact the district for additional information.

[Link to District Summary of 2019-20 School-Level Per Pupil Expenditures by Source](#)

An option to [download all school-level summaries by district](#) in one spreadsheet is also available. However, because districts have flexibility in how certain costs are allocated to individual schools, school-level costs should not be compared between schools in different districts.

Mission, Vision, Theme:

The major goals at the Primary School level are for each child to develop a firm foundation in basic skills and a positive attitude about himself or herself. Since growth varies with each child, the school aims to help each pupil achieve at a level which is commensurate with his/her ability and at a rate of speed which is comfortable for him or her. In order to accomplish this goal, whole class instruction as well as small group and individual instruction are employed to meet the diverse developmental levels of the youngsters.

Awards, Recognition, Accomplishments:

Teachers at Central Avenue pursue funding for innovative programs. The Glen Ridge Educational Foundation has supported the teachers with various innovation grants.

Courses, Curriculum, Instruction:

The district Pre-K - Grade 2 Curriculum includes Everyday Math, Reading Wonders, hands-on Science and Social Studies activities, and a variety of Related Arts courses.

Before and After School Programs:

The Glen Ridge Child Care Program was developed to meet the needs of the families in our community by offering both Before and After School Care as well as Vacation Day Care Programs. The Child Care Program is designed to complement both home and school by providing a safe, nurturing and enriching environment in which children can grow and have fun. Through supervised activities, children can explore such areas as the arts, games, computers and sports. A caring attitude toward home, school and friends is fostered in the Child Care Program by providing time to discuss and resolve problems and by giving attention to individuals as well as groups. Before Care (7:05 AM- 8:30 AM) and After Care programs (Dismissal - 6:00 PM) are available to students in PreK.

Staff and Professional Learning:

Teachers are supported as they pursue master's degrees, graduate level courses and certifications. They have opportunities to attend out of district workshops and attend in district workshops. Math teachers attend several training sessions each year while the Language Arts teachers have the benefit of working with a consultant who comes into the district. One full day and two half-day Professional Development days are built into the school calendar. Staff meetings and grade-level meetings include professional development. Staff are provided a variety of meaningful professional learning opportunities and consultations through each year. Professional Learning Communities (PLCs) include the SciP, STEAM, Character Education/School Safety, Report Card Benchmarks, Literacy, Mindfulness, and more.

Student Supports and Services:

Students at all levels have an opportunity to succeed through a dedicated professional faculty. Support services include a Preschool Disabilities program, K-2 Resource programs, Primary One program and inclusion in the general education setting. Related services personnel include a Behavior Analyst, Occupational, Physical and Speech therapist, School Social Worker, Psychologist, Learning Consultant and Counselor. Support committees include the Child Study Team, Intervention & Referral Services Committee, Section 504 Committee and Nursing (Health Plans). Pre K - 2 programs include varying levels of Instructional Aide Support. The Reading Specialist & Title 1 Math teacher work with identified students on a pull-out basis. Services are available for students recognized as requiring Basic Skills Instruction and English Language Learners. Support staff work closely to consistently integrate differentiated instructional strategies to meet the individual needs of each student.

Student Health and Wellness:

Student health and wellness are important elements of the Pre-kindergarten - Grade 2 program. Student health records are maintained for all students. A full-time School Nurse is available during school hours to address student health and safety needs. Accommodations and procedures are established for students with life-threatening allergies and other medical conditions. Students receive instruction in Physical Education and Health. The School Counselor designs and implement programs for character education and positive school climate. Group Counseling and individual student support is provided to students, as needed. Classroom teachers engage the children in daily brain/fitness breaks. Music and movement is also included in the Music program. Various Health and Wellness programs are implemented school-wide, including Mindfulness and Yoga. Students learn about sustainability and healthy foods during programs that utilize the school's Learning Garden.

Parent and Community Involvement:

For the 2019-2020 school year, the Central School Home & School was formed within the Linden Avenue Home & School. Moving forward, for the 2020-2021 school year, Central School will have its own Home & School Association.

Early Childhood Education:

The Pre-kindergarten program is comprised of half-day and full-day options and provide opportunities for enhancing the development of the whole child in the academic, physical, emotional, and social domain. Our 4 year old children attend classes with an average teacher student ratio of 12:1. Parents pay tuition for the program and there is always a waiting list. The program develops an awareness to many different basic concepts such as counting, colors, shapes, patterning, math, rhymes, sequencing, and environmental print. Learning centers are primarily based on a "letter of the week" and are designed to develop the whole child. Children take the initiative to choose such activities as blocks, puzzles, easel, painting, computers, housekeeping, listening center, writing center, light table, and sensory centers. Imaginative play is coupled with teacher-directed activities during circle or rectangle time, small group, or individualized instruction.
