The Glen Ridge Board of Education has determined the need for a referendum to fund critical renovations and a building acquisition that would address the structural, safety, space, and energy issues that face the Borough's four school buildings, and thereby ensure the district's long term educational sustainability.

**CENTRAL SCHOOL**

The Glen Ridge Board of Education is attempting to purchase a former school, Central School, to address class size and capacity issues at two of our lower elementary schools—Forest Avenue School and Linden Avenue School. The acquisition of Central School would allow the district to relocate all pre-kindergarten classes into one building temporarily. The acquisition of Central School will eventually transition into a third Pre-K – 2 Primary School.

**ESTIMATED COSTS (ACQUISITION AND REFURBISHMENT): $12,931,546**

**FOREST AVENUE ELEMENTARY SCHOOL**

Forest Avenue Elementary School requires the complete renovation of its Heating Ventilation and Air Conditioning (HVAC) systems and select restrooms.

**RENOVATION PROJECTS**
- New Boiler Plant
- Chiller
- Electrical Services
- 137 Windows
- Four Restrooms
- Unit Ventilators
- Corridor Rehab for Piping Infrastructure
- Heating Ventilation and Air Conditioning (HVAC)

**ESTIMATED COSTS: $3,006,815**

**LINDEN AVENUE ELEMENTARY SCHOOL**

Linden Avenue Elementary School requires the complete renovation of its Heating Ventilation and Air Conditioning (HVAC) systems and select restrooms.

**RENOVATION PROJECTS**
- New Boiler Plant
- Chiller
- Electrical Services
- 10 Restrooms
- Four Restrooms
