**The Discovery Series is a program of the  
Ridgewood Avenue Home & School Association**

**Our goal is to offer high quality after-school learning opportunities that are  
diverse, inspiring, challenging and fun.**

**Questions?** - Contact the Discovery chair, Jessica Walsh, at  
[rasdiscovery@gmail.com](mailto:rasdiscovery@gmail.com) or (973) 985-9539

## **Ridgewood Avenue Discovery Series – Rules and Procedures**

**Registration – The registration period begins on August 28<sup>th</sup>, 2019 with early bird pricing. Standard pricing goes into effect on September 5<sup>th</sup> through the close of registration on September 13<sup>th</sup>. Follow these two easy steps to register:**

- Register ONLINE at <https://glenridge.wufoo.com/forms/discovery/fall2019>
  - Pay via PayPal (**All payments must be made online**)
1. **Payment – Pay Pal ONLY. NO CASH. NO CHECKS.** Your child's spot in his/her desired class will only be held once payment has been received online. Payments must be received by the close of registration, otherwise your child's spot will not be held.
  2. **Fees-** Transaction fees have been included in the price of each class. **Late registrations will be accepted on a case to case basis and will include a \$10 late fee.**
  3. **Full Classes -** Classes will be filled on a first come, first serve basis. Once a class has reached its maximum, we will open a Wait List. Email [rasdiscovery@gmail.com](mailto:rasdiscovery@gmail.com) to be added to the Wait List once a class is full. If spots in the class become available or a second section is added, we will offer those spots starting at the top of the Wait List.
  4. **Refunds and Reimbursements –** Absolutely no refunds will be issued after the close of registration. If an issue arises with a class, please contact Jessica Walsh and the issue will be addressed with the instructor. **No refunds can be given once registration closes.**
  5. **Change Requests –** Absolutely no class change requests will be honored after the close of registration.
  6. **School closings -** Discovery is in session **when school is in session.** If school is cancelled or closed, Discovery is not in session. If school closes early for emergency reasons, class will be held on the designated make up day and there will be no refund.
  7. **Classes cancelled by teacher -** If a teacher must cancel class, you will be notified via e-mail ASAP so it is important that you provide an active e-mail address.
  8. **Make-Up Classes -** Regardless of teacher illness or emergency closings, there is only ONE make-up class per session. Additional make up classes, if needed, will be added on to the end of the session.
  9. **Class Start and End Times –**Promptness at the start of class and prompt pick-up at the end of class is expected. Parents are responsible for the supervision and safety of their child prior to the start of class and at the end of class.
  10. **Disruptive Behavior –** Disruptive behavior will not be tolerated. All students are expected to be respectful and courteous to each other, to the teachers, and to the building before, during, and after class time. If a student does not follow the teacher's rules, s/he will be asked to leave and may be asked not to attend the remaining classes. No refunds will be given for disruptive behavior.
  11. **Aftercare –** Please indicate if your child is in aftercare on a day they have Discovery. Aftercare will be provided with a list of participating students. You agree to allow aftercare to release students for class.
  12. **Confirmation –** Confirmation emails will be sent as soon as possible after the close of registration. You will be notified of room assignments and reminded of class dates as part of the confirmation process. All classes will be held on site at Ridgewood Avenue School.

**Questions:** Please do not call the front office. This program is offered by the Home and School Association and you should direct questions to the Discovery Committee Chair, Jessica Walsh, at [rasdiscovery@gmail.com](mailto:rasdiscovery@gmail.com) or (973) 985-9539.

---

# MONDAY CLASSES

---

## AIRPLANE MISSIONS *New Class!*

**Grades: All**

**Day: Monday**

**Time: 3:15-4:15**

**10 weeks**

**Cost: \$225**

Your mission, if you choose to accept it, is to learn the science that allows planes to fly, build some amazing model airplanes, and then fly them. Learn the STEM principles of the physics of flying. Then, test these principles on the many models you get to build and actually fly. Your mission will involve airplane models like Starfighter, Bamboo Copter, and Mustang P-51. Will you complete your mission? Yes, and with flying colors!!! Build it! Fly it! Keep it!

**Instructor:** *to be provided by Hobby Quest. Hobby Quest offers educational, hands-on programming in the areas of Aviation, Magic, and Fashion Design. Our focus is to help children discover new interests through fun and exciting enrichment classes, where they can explore their own creativity and hidden talents, and ultimately build “Skills for a Lifetime.” We have been offering enrichment programming since 2002 and are currently working in over 300 local schools and camps, and instructing over 4000 students per year. We pride ourselves in offering one-of-a-kind quality classes that provide educational experiences while having a great deal of fun!*

## BEGINNER UKULELE

**Grades: All**

**Day: Monday**

**Time: 4:00-4:45**

**10 weeks**

**Cost: \$220**

The Ukulele has been making a major comeback in the past 10 years thanks to popular pop artists such as Twentyone Pilots, Jason Mraz, Train, Jack Johnson, and Israel Kamakawiwo'ole, as well as “Uke” virtuosos such as Jake Shimabukuro. This class will introduce your child to this relatively easy instrument in a fun and relaxed atmosphere. It will involve learning how to tune up and how to read chord diagrams and basic rhythms. The goal is to have students rhythmically strum simple chords and also play easy melodies in the context of modern pop songs.

For this Discovery class, the **Tenor** Ukulele is required because of its playability and range. This link below shows several affordable Tenor models. [https://www.amazon.com/s/ref=nb\\_sb\\_ss\\_c\\_1\\_13?url=search-alias%3Daps&field-keywords=tenor+ukulele&prefix=tenor+ukulele%2Caps%2C159](https://www.amazon.com/s/ref=nb_sb_ss_c_1_13?url=search-alias%3Daps&field-keywords=tenor+ukulele&prefix=tenor+ukulele%2Caps%2C159). The only accessory required for this class is an electronic tuner. Any tuner model listed in the following link would do although it may be described as a guitar tuner. [https://www.amazon.com/s/ref=nb\\_sb\\_noss\\_2?url=search-alias%3Dmi&field-keywords=snark+tuner](https://www.amazon.com/s/ref=nb_sb_noss_2?url=search-alias%3Dmi&field-keywords=snark+tuner). Brands other than Snark as well as phone tuner apps would do.

The teacher will provide all written material. A thin 3 ring binder is recommended to keep it organized.

**\*\*\*Limit of 6 students per class\*\*\***

**Instructor:** *Yves Obadia, a versatile and talented musician, is a Glen Ridge resident. Mr. Obadia, a graduate of the Berklee College of Music, is a free-lance guitarist/composer/arranger who teaches privately in the NYC area.*

## **FASHION'S NIGHT OUT *New Class!***

**Grades: All**

**Day: Monday**

**Time: 3:15-4:15**

**10 weeks**

**Cost: \$225**

Dressing up for a night out has never been so much fun! Join us in this class and create your very own one of a kind outfit to wear for a fun night out with your friends! This session we will be learning how to create a chic dress from scratch that you get to design and decorate! This isn't something you'll see in a celebrity magazine; you will be the only one that has this adorable outfit! We'll teach you everything you need to know to design, create, and alter a really cute dress that will be just for you. From the original sketch to the final fitting, we'll guide you through the process of creating an ensemble of your very own. Of course, no outfit is complete without some one-of-a-kind accessories, so you'll even get to design a cute little hairband and belt to take your look to the next level! Once we're done, you'll even have your day on the runway when we have a special fashion show for your friends and family where you can model your design! Sign up today and become the next hottest thing on the catwalk! Design it! Create it! Show it! Keep it!

**Instructor:** *to be provided by Hobby Quest. Hobby Quest offers educational, hands-on programming in the areas of Aviation, Magic, and Fashion Design. Our focus is to help children discover new interests through fun and exciting enrichment classes, where they can explore their own creativity and hidden talents, and ultimately build "Skills for a Lifetime." We have been offering enrichment programming since 2002 and are currently working in over 300 local schools and camps and instructing over 4000 students per year. We pride ourselves in offering one-of-a-kind quality classes that provide educational experiences while having a great deal of fun!*

## **FUN FALL FOODS**

**Grades: All**

**Day: Monday**

**Time: 3:15-4:15**

**10 weeks**

**Cost: \$165**

In this delicious class we will teach the kids that cooking can be fun when you make your foods silly! All snacks will be prepared in class and sometimes we will be bringing some yumminess home to have mom or dad cook up! Get ready to make Pumpkin Pie Parfaits, candy apples, fresh farfalle pasta, pizza pillows, zucchini boats, fresh squeezed drinks, and more!

**Instructor:** *to be provided by CHEF IT UP 2 GO. CHEF IT UP & CHEF IT UP 2 GO have been entertaining both kids and adults for the past 15 years bringing totally nut free cooking and no-bake fun to either our party place or to the schools! Kids of all ages learn basic cooking skills, techniques, terms, and a variety of other skills through our guidance with the preparation and assembly of fun food and drinks!! We offer hands-on programs that promote and enhance fine motor skills while providing a great outlet for those who love to cook!*

## **INTRO TO ROCK GUITAR LESSONS**

**Grades: All      Day: Monday      Time: 3:15-4:00      10 weeks      Cost: \$220**

Discovery music classes are a great way to introduce your child to an instrument. Students will learn how to read chord diagrams, guitar tablature, as well as simple rhythmic patterns. They will also be exposed to basic Rock guitar techniques and ensemble playing. Students are strongly encouraged to bring their favorite music to class. *Students must bring their own guitar to class as well as a music notation book, pencil, and guitar picks.*

**\*\*\*Limit of 6 students per class\*\*\***

***Instructor:** Yves Obadia, a versatile and talented musician, is a Glen Ridge resident. Mr. Obadia, a graduate of the Berklee College of Music, is a free-lance guitarist/composer/arranger who teaches privately in the NYC area.*

## **PAINT N PARTY**

**Grades: All      Day: Monday      Time: 3:15-4:15      10 weeks      Cost: \$225**

Become a real painter each week with us as we create a great series of paintings and learn the techniques and concepts that go into successful art. Guided by our amazing painters you'll use high quality acrylics and learn background/foreground, color, perspective, light & shadow, composition, and much more while you relax with your friends and enjoy some yummy snacks, juice, conversation, and ART! You'll finish with some amazing painted canvases, including your masterpiece – a beautiful larger piece that incorporates all of the concepts you have learned along the way.

***Instructor:** to be provided by Artsy Smartsy, a Creative Learning Experience that offers artful adventures for kids of all ages. We believe that everybody is creative and our classes and workshops are geared toward kids' natural curiosity and eagerness to learn new things through creative self-expression. We make it our mission on a daily basis to provide an outlet that supports and stimulates a kid's creativity while teaching them how art has been used since the dawn of time to tell the story of humanity and our experience of the world around us. We believe there's an artist in everybody...and we aim to bring that artist to life!*

---

## TUESDAY CLASSES

---

### **CRAYOLA WILD WORLD *New Class!***

**Grades: All    Day: Tuesday    Time: 3:15-4:15    8 weeks    Cost: \$205**

Are you ready for an art expedition? Let the wonder and beauty of the animal kingdom inspire your empathy, curiosity, and creativity. Learn about lions, elephants, sharks and more, and find out how wildlife conservationists are working to protect species around the globe. Experiment with a variety of art techniques, and use Crayola® products to create animal-inspired art projects, from frog paintings to polar bear sculptures! Let your creativity run wild, and bring your handiwork home to build a menagerie of animal-themed masterpieces.

***Instructor:** to be provided by Mad Science. Mad Science is the world's leading science enrichment provider. We pride ourselves on the unique and interactive way of teaching students how to make science fun! Using an extremely hands-on and enthusiastic approach, we give students the chance to become Mad Scientists. We have FUN down to a science!!*

### **DOLLHOUSE NATION *New Class!***

**Grades: All    Day: Tuesday    Time: 3:15-4:15    10 weeks    Cost: \$225**

Imagine a world where dolls rule! Where do they live, work, shop, and play? We'll create a fabulous dollhouse neighborhood using a cardboard template, furniture we'll assemble ourselves, and lots of different designs and embellishments to customize our buildings and make them uniquely our own. It will be a barrel of fun as we learn architecture, interior and exterior design, curb appeal, and civil engineering in this creative and intriguing class.

***Instructor:** to be provided by Artsy Smartsy, a Creative Learning Experience that offers artful adventures for kids of all ages. We believe that everybody is creative and our classes and workshops are geared toward kids' natural curiosity and eagerness to learn new things through creative self-expression. We make it our mission on a daily basis to provide an outlet that supports and stimulates a kid's creativity while teaching them how art has been used since the dawn of time to tell the story of humanity and our experience of the world around us. We believe there's an artist in everybody...and we aim to bring that artist to life!*

## LET'S MAKE SQUISHY TOYS

**Grades: All**

**Day: Tuesday**

**Time: 3:15-4:30**

**8 weeks**

**Cost: \$185**

In this class kids have a great time making several types of squishy toys. In the month of October, we will also make monster slime!!!!!! So, join us for a fun filled after school discovery class full of Squishies (and some slime)!!!!

**Instructor:** Rhonda Charisse Reeves has a strong passion in the world of natural medicine and the science of nature and how it works. She earned her Bachelor at Fairleigh Dickinson University and her Masters in Biochemistry and Microbiology from Montclair State University. Rhonda worked in the corporate realm for several years in food and drug research. She worked with the World Health Organization to research using plant materials to arrest several cancers cells and the aids virus. She also develops skin care products that are biologically friendly. Rhonda was a science educator in the Newark school system and worked for the Newark Museum as a science educator and tour guide in the areas of science. She has a science publication in trace elements and its effects on the viability using plant cells. She also published an article on the nature of water and continues researching the effects of the living on water. Rhonda was a coordinator for Glen Ridge Aftercare and created the Science activities. She is currently working on science enrichment programs for children.

## SUPER SCRATCH

**Grades: All**

**Day: Tuesday**

**Time: 3:15-4:15**

**10 weeks**

**Cost: \$395**

Scratch uses a graphic programming language developed at MIT. This class creates a beginner foundation in programming which can be used in other advanced programming languages. In Super Scratch, young students will learn fundamental programming concepts by creating different adventures using animations and storytelling. Kids will program Scratch to do magic tricks, go on a treasure hunt, and even explore nature! No previous programming skills are required, but students should be comfortable using a computer and managing files.

**Instructor:** To be provided by CodeAdvantage. CodeAdvantage offers project-based coding and robotics enrichment classes to engage, inspire, and motivate children to learn, have fun, and gain critical technology skills for the 21st century.

## TGA PREMIER JUNIOR GOLF

**Grades: All**

**Day: Tuesday**

**Time: 3:15-4:15**

**8 weeks**

**Cost: \$200**

TGA makes it convenient and fun for your child to learn and play golf right on their school campus! Our curriculums were specially designed by industry-leading golf professionals and education specialists to ensure that the lesson plans are age-appropriate as well as easy to understand and retain. Students will experience a mix of golf instruction, rules and etiquette lessons, educational components, character development lessons, and physical activity as they advance through the five-level program.

**Instructor:** To be provided by TGA. TGA's screened and certified instructors have a passion for working with children and are trained to help your student athlete develop a strong foundation of skills and knowledge as well as a passion for the sport.

---

## WEDNESDAY CLASSES

---

### CHESS CHALLENGE

**Grade: All**

**Day: Wednesday**

**Time: 3:15-4:15**

**10 weeks**

**Cost: \$225**

This is not your same old Chess class! You'll study chess with a Master at your own skill level while you learn how to set up a board, how the pieces move, and how the game develops. Students play chess matches each week and are paired by skill level. There are also some creative surprises that will help you to play and understand the game and how it developed through history into the most popular game in the world today.

***Instructor:** to be provided by Artsy Smartsy, a Creative Learning Experience that offers artful adventures for kids of all ages. We believe that everybody is creative and our classes and workshops are geared toward kids' natural curiosity and eagerness to learn new things through creative self-expression. We make it our mission on a daily basis to provide an outlet that supports and stimulates a kid's creativity while teaching them how art has been used since the dawn of time to tell the story of humanity and our experience of the world around us. We believe there's an artist in everybody...and we aim to bring that artist to life!*

### CONTINUING ROCK GUITAR LESSONS

**Grades: 4-6**

**Day: Wednesday**

**Time: 3:15-4:00**

**10 weeks**

**Cost: \$220**

Come build on the skills you learned in Intro to Rock Guitar. Students will continue to improve their knowledge of reading chord diagrams, guitar tablature, and rhythmic patterns. They will also be exposed to more Rock guitar techniques and ensemble playing. Students are strongly encouraged to bring their favorite music to class. ***Students must bring their own guitar to class as well as a music notation book, pencil, and guitar picks.***

***\*\*\*Limit of 6 students per class\*\*\****

***Instructor:** Yves Obadia, a versatile and talented musician, is a Glen Ridge resident. Mr. Obadia, a graduate of the Berklee College of Music, is a free-lance guitarist/composer/arranger who teaches privately in the NYC area.*

## CONTINUING UKULELE

**Grades: 4-6**      **Day: Wednesday**      **Time: 4:00-4:45**      **10 weeks**      **Cost: \$220**

Come build on the skills you learned in Beginner Ukulele. This class will further develop your child's playing in a fun and relaxed atmosphere. Students will continue to learn how to read chord diagrams and basic rhythms. Students will rhythmically strum chords and play new melodies in the context of modern pop songs.

The teacher will provide all written material. A thin 3 ring binder is recommended to keep it organized.

**\*\*\*Limit of 6 students per class\*\*\***

**Instructor:** *Yves Obadia, a versatile and talented musician, is a Glen Ridge resident. Mr. Obadia, a graduate of the Berklee College of Music, is a free-lance guitarist/composer/arranger who teaches privately in the NYC area.*

## ENJOY POTTERY EVERYWHERE

**Grades: All**      **Day: Wednesday**      **Time: 3:15-4:15**      **10 weeks**      **Cost: \$170**

This class is designed for aspiring artists of all levels who share an interest in learning to work with clay. Artists will use different types of clay and explore various techniques such as pinch pot, coil pot, slab building, and more to develop creative pieces. This is an imaginative, hands on class that allows students of all ages to enjoy pottery everywhere.

**Instructor:** *Kanae Yunome, a long-time ceramic artist and Montclair resident, founded Potterywise in 2012 with the simple intent of allowing people to "Enjoy Pottery Everywhere." Kanae was born and raised in Sendai, Japan. She has studied in Japan and at Parsons School of Design in NYC. She has been actively creating works of art using ceramics for over 20 years.*

## MAGIC MYSTERIES *New Class!*

**Grades: All**      **Day: Wednesday**      **Time: 3:15-4:15**      **10 weeks**      **Cost: \$225**

What could be more fun than learning tricks that will amaze your friends and family? You'll love the look on their faces when they can't figure it out! You'll perform "the legend of the tooth picks," "mind reading," and "mummy mystery" tricks, in addition to many more. This program is not only fun, but many of the tricks reinforce important math concepts. After you master all the tricks, you'll get to perform them for your family and keep the magic tricks for many more magic shows to come. Abracadabra! Will they solve the mysteries, or will you transform into a Magic Mysteries Magician? Learn it! Perform it! Keep it!

**Instructor:** *to be provided by Hobby Quest. Hobby Quest offers educational, hands-on programming in the areas of Aviation, Magic, and Fashion Design. Our focus is to help children discover new interests through fun and exciting enrichment classes, where they can explore their own creativity and hidden talents, and ultimately build "Skills for a Lifetime." We have been offering enrichment programming since 2002 and are currently working in over 300 local schools and camps, and instructing over 4000 students per year. We pride ourselves in offering one-of-a-kind quality classes that provide educational experiences while having a great deal of fun!*

## **MYSTERY DINNER THEATER- Mystery at the Mall *New Class!***

**Grades: All**

**Day: Wednesday**

**Time: 3:15-4:15**

**10 weeks**

**Cost: \$225**

Can you imagine yourself as part of an awesome company of actors, artists, and all of those who make the theater an extra special experience? Let's put on a show and give our audience a mystery to solve the way it's done at great dinner theaters all over the country. We'll learn a professional script, create costumes, and turn an evening in the cafeteria into a fantastic dinner theater event, complete with pizza, cupcakes, family, and tons of fun!

All shows include parts for both boys and girls. Non-performing parts include set designers, advertising and catering.

**FINAL CLASS IN THIS SERIES IS A DOUBLE PERIOD including DINNER PERFORMANCE.**

***Instructor:*** to be provided by Artsy Smartsy, a Creative Learning Experience that offers artful adventures for kids of all ages. We believe that everybody is creative and our classes and workshops are geared toward kids' natural curiosity and eagerness to learn new things through creative self-expression. We make it our mission on a daily basis to provide an outlet that supports and stimulates a kid's creativity while teaching them how art has been used since the dawn of time to tell the story of humanity and our experience of the world around us. We believe there's an artist in everybody...and we aim to bring that artist to life!

## **PAJAMA PARTY *New Class!***

**Grades: All**

**Day: Wednesday**

**Time: 3:15-4:30**

**10 weeks**

**Cost: \$210**

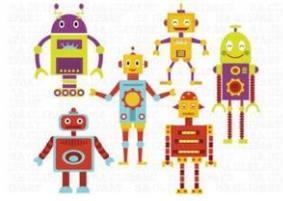

In this fun filled class kids will design and decorate flannel bottoms and cotton tops. So, join us and show off your creative side and model your work on "Pajama Day"!!!! (each student will get to make 3-4 sets of pajamas)

***Instructor:*** Rhonda Charisse Reeves has a strong passion in the world of natural medicine and the science of nature and how it works. She earned her Bachelor at Fairleigh Dickinson University and her Masters in Biochemistry and Microbiology from Montclair State University. Rhonda worked in the corporate realm for several years in food and drug research. She worked with the World Health Organization to research using plant materials to arrest several cancers cells and the aids virus. She also develops skin care products that are biologically friendly. Rhonda was a science educator in the Newark school system and worked for the Newark Museum as a science educator and tour guide in the areas of science. She has a science publication in trace elements and its effects on the viability using plant cells. She also published an article on the nature of water and continues researching the effects of the living on water. Rhonda was a coordinator for Glen Ridge Aftercare and created the Science activities. She is currently working on science enrichment programs for children.

---

## THURSDAY CLASSES

---

### EARTHBOT ENGINEERS *New Class!*

**Grades: All**      **Day: Thursday**      **Time: 3:15-4:15**      **8 weeks**      **Cost: \$325**

Using LEGO® robotics, students will learn about some of the coolest environments on the planet. They will create and program robots to: withstand the heat of volcanoes and avoid any lava in the way, have just the right amount of friction to pull their way up steep and snowy mountains, withstand the pressure of the ocean as they raise a periscope from its darkest depths, and more!

***Instructor:** To be provided by CodeAdvantage. CodeAdvantage offers project-based coding and robotics enrichment classes to engage, inspire, and motivate children to learn, have fun, and gain critical technology skills for the 21st century.*

### MAKER ART

**Grades: All**      **Day: Thursday**      **Time: 3:30-4:30**      **8 weeks**      **Cost: \$185**

In this exciting class, held in the Maker Space room, students will create many DIY projects including jewelry, use a cutting printer called the cricut to design and create their own vinyl logo, create robots using the Lego Wedo 2.0, discover the Makerspace challenge cards, Keva Blocks, as well as build and explore the many crafty materials in the makerspace including fabric, painting, and much more!

***Instructor:** Jennifer Wujciak is a 3rd Grade Art Teacher at RAS. She is originally from West Caldwell but reside in Cedar Grove. She has worked in Glen Ridge for over 10 years. She is also an Artist outside of school with a small business doing portraits, paintings, murals, and Cricut Crafts.*

### REAL COOKING

**Grades: All**      **Day: Thursday**      **Time: 3:15-4:15**      **8 weeks**      **Cost: \$185**

Let's have fun with food and make some really great recipes that turn into art we can eat! We'll decorate cake, create hors d'oeuvres, fancy desserts, real mac & cheese, and have a party every week as we make and eat treats, do some fun food art, and build our own recipe books while we learn some things about how food gets from the farm to our plates!

***Instructor:** to be provided by Artsy Smartsy, a Creative Learning Experience that offers artful adventures for kids of all ages. We believe that everybody is creative and our classes and workshops are geared toward kids' natural curiosity and eagerness to learn new things through creative self-expression. We make it our mission on a daily basis to provide an outlet that supports and stimulates a kid's creativity while teaching them how art has been used since the dawn of time to tell the story of humanity and our experience of the world around us. We believe there's an artist in everybody...and we aim to bring that artist to life!*

## **RUFFLE SCARF AND CONVERSATION with Mrs. Ippolito**

**Grades: All**

**Day: Thursday**

**Time: 3:30-4:30**

**8 weeks**

**Cost: \$170**

What better way to unwind after a full day at school? Time to converse as we create ruffle scarves using our fingers and/or crochet hooks. The conversations are therapeutic and a new skill is learned! Please join this fun group!

***Instructor:** Eileen Ippolito is a 4<sup>th</sup> grade teacher at RAS who has been teaching knitting in the Discovery Series program for over 4 years.*

---

## FRIDAY CLASSES

---

### CANVAS PAINTING

**Grades: All**

**Day: Friday**

**Time: 3:15-4:15**

**8 weeks**

**Cost: \$160**

Learn different canvas painting techniques, inspired by the masters or seasonally themed. An 8 X 10 canvas is brought home at the end of the class ready to proudly display.

***Instructor:** To be provided by Color Me Mine. Color Me Mine is a pottery painting studio. We have about 700 ceramic shapes to choose from and over 60 proprietary colors to paint with. You can design your piece any way you like. No matter your age or skill level, we promise, you'll have a great time. Our talented staff is waiting to help in class or in the studio!*

### MAD STEM EXPLORERS *New Class!*

**Grades: All**

**Day: Friday**

**Time: 3:15-4:15**

**8 weeks**

**Cost: \$205**

Explore awesome hands-on science with a magical twist! In this program we will use chemistry to brew up some exciting science experiments, pressure to understand the air all around us, and even learn about our good friend Eggbert while we get down with density! Don't miss this magical program, where you can learn all about Magic and take part in creating and cracking some of your favorite magic tricks while you fly high and spread your wings with Fantastic Flyers!

***Instructor:** to be provided by Mad Science. Mad Science is the world's leading science enrichment provider. We pride ourselves on the unique and interactive way of teaching students how to make science fun! Using an extremely hands-on and enthusiastic approach, we give students the chance to become Mad Scientists. We have FUN down to a science!!*

### MYSTERIES OF THE MIDDLE EARTH *New Class!*

**Grades: All**

**Day: Friday**

**Time: 3:15-4:15**

**8 weeks**

**Cost: \$185**

Launch yourself into an exciting new world where monsters and problem solving are of the utmost importance.

Adventures await you in Middle Earth, where along with elves, dwarves and dragons, you will develop strategies to fight off some trolls, or trick some townsfolk into revealing a magnificent treasure. Bring your characters to life, then create and play a mini campaign each week in this game-based experience where myths, stories, and mysteries abound!

***Instructor:** to be provided by Artsy Smartsy, a Creative Learning Experience that offers artful adventures for kids of all ages. We believe that everybody is creative and our classes and workshops are geared toward kids' natural curiosity and eagerness to learn new things through creative self-expression. We make it our mission on a daily basis to provide an outlet that supports and stimulates a kid's creativity while teaching them how art has been used since the dawn of time to tell the story of humanity and our experience of the world around us. We believe there's an artist in everybody...and we aim to bring that artist to life!*
