BEGINNER UKULELE

Grades: All **Day: Monday** **Time: 4:00-4:45** **10 weeks** **Cost: \$220**

The Ukulele has been making a major comeback in the past 10 years thanks to popular pop artists such as Twentyone Pilots, Jason Mraz, Train, Jack Johnson, and Israel Kamakawiwo'ole, as well as "Uke" virtuosos such as Jake Shimabukuro. This class will introduce your child to this relatively easy instrument in a fun and relaxed atmosphere. It will involve learning how to tune up and how to read chord diagrams and basic rhythms. The goal is to have students rhythmically strum simple chords and also play easy melodies in the context of modern pop songs.

For this Discovery class, the **Tenor** Ukulele is required because of its playability and range. This link below shows several affordable Tenor models. https://www.amazon.com/s/ref=nb_sb_ss_c_1_13?url=search-alias%3Daps&field-keywords=tenor+ukulele&srefix=tenor+ukulele%2Caps%2C159. The only accessory required for this class is an electronic tuner. Any tuner model listed in the following link would do although it may be described as a guitar tuner. https://www.amazon.com/s/ref=nb_sb_noss_2?url=search-alias%3Dmi&field-keywords=snark+tuner. Brands other than Snark as well as phone tuner apps would do.

The teacher will provide all written material. A thin 3 ring binder is recommended to keep it organized.
